Foreword

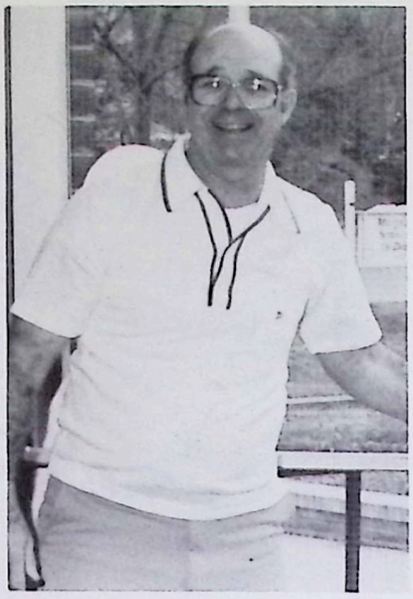
We are pleased to present *The 1988 Cornerstone* to you. Through this book we hope to share memories of a busy and exciting school year.

Throughout the whole year, we were so busy that time passed rapidly and it is hard to realize that the school year is now almost finished. This was the year the United States celebrated the 200th anniversary of its Constitution and both MSD campuses celebrated with activities that involved all departments of the school. The Columbia Campus helped the city of Columbia celebrate its 20th birthday. As we have come to expect, the athletic teams had outstanding seasons and we were especially happy when the girls basketball team won the ESDAA championship and other teams and individual athletes won special events and awards. We were proud of the orderly and thoughtful way in which MSD students offered support to Gallaudet University students regarding the choice of a deaf president for Gallaudet. The major play, "Any Number Can Die", was a big success. Other activities are too numerous to mention but perhaps this book will help you to recall some of them.

We know you will enjoy this yearbook now and we hope that in the future years when you look at *The 1988 Cornerstone* it will help you to remember a pleasant year at MSD.

Dedication

Richard Jones



Dick

Gertie

Gertrude Galloway

Mr. Richard Jones became interested in the deaf as a young man attending Bethany College and the University of Pittsburgh. He joined the staff of the Western Pennsylvania School for the Deaf and provided services to deaf students there for many years before joining the staff of the Maryland School for the Deaf in the fall of 1973. At the Maryland School for the Deaf, Mr. Jones is a member of the physical education staff and has coached various athletic teams. He worked very hard to instill a spirit of team work and good sportsmanship in each member of his teams. He demonstrated a devotion to the entire MSD program and worked hard to support it. His work with deaf people was not limited to his own classes and teams. For many years he held an important office in the Eastern Schools for the Deaf Athletic Association and helped provide wise guidance to this group. He was a popular person with teams and coaches attending these ESDAA tournaments.

Mr. Jones has decided that after his many years of service it is time to retire so that he can spend more time with his wife, Frances, other family members and enjoy working on his farm.

Mrs. Gertrude Galloway, who is affectionately known as Gertie, came to the Maryland School for the Deaf in 1970 as a math teacher in the Intermediate Department on the Frederick Campus. She had some teaching experience in the Rochester School for the Deaf and the Arizona School for the Deaf. Although she grew up in Maryland, she attended Kendall School along with a sister and brother.

With the opening of the Columbia Campus, Gertie was appointed Assistant Principal for the Elementary Department and has been a key member of the Administrative staff since that time. Her professional career has been remarkable, especially when one considers that she had already raised a family before entering education. She has served as President of the Maryland Association of the Deaf and as Vice President of the Gallaudet University Alumni Association. She has played a major role in deafness and was the first woman to serve as President of the National Association of the Deaf. When Congress passed the Education of the Deaf Act in 1986, Mrs. Galloway was appointed as a member of the Commission on Education of the Deaf. In addition to all of her other responsibilities, she has somehow found the time and energy to enroll in a doctoral program. Mrs. Galloway is truly a remarkable woman!

It is with admiration and every good feeling that we proudly dedicate *the 1988 Cornerstone* of 1988 to Mrs. Gertrude Galloway and Mr. Richard Jones.

In Memoriam

ALICE M. ROUSH

The Maryland School for the Deaf family was saddened by the death of Alice Mae Lehman Roush on August 19, 1987, after a lingering illness.

Alice was a student at the Maryland School for the Deaf and graduated in 1955. After graduation, she attended Gallaudet College for two years and then went to Kingston, Jamaica, where she worked at the Christian School for the Deaf and provided missionary services to deaf people there along with her husband, Ray. In the fall of 1976, she came back to the Maryland School for the Deaf where she worked as a teacher aide on the Frederick campus until the time of her death.

Alice displayed a deep interest in the students with whom she worked and a devotion to the job. She was a kind and thoughtful person displaying consideration and love for all the people whose lives she touched. Alice is deeply missed by the entire MSD family.

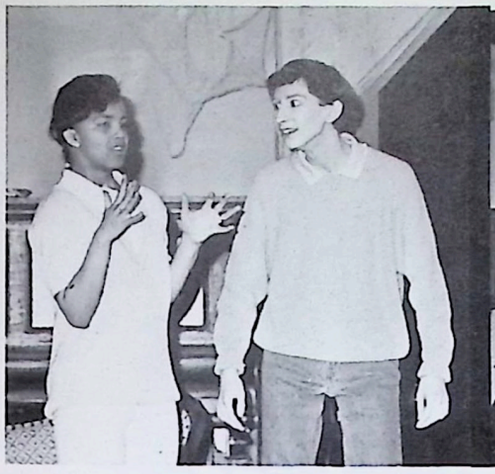
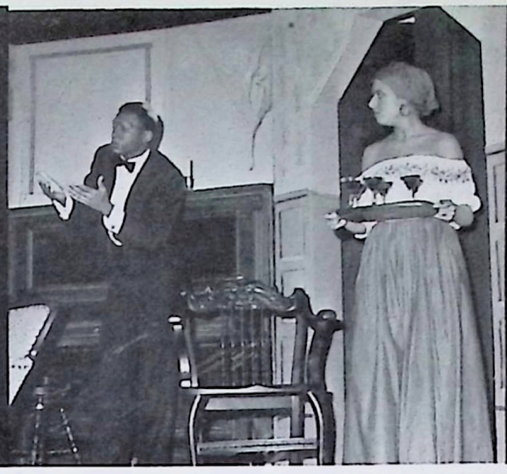
"Any Number Can Die"

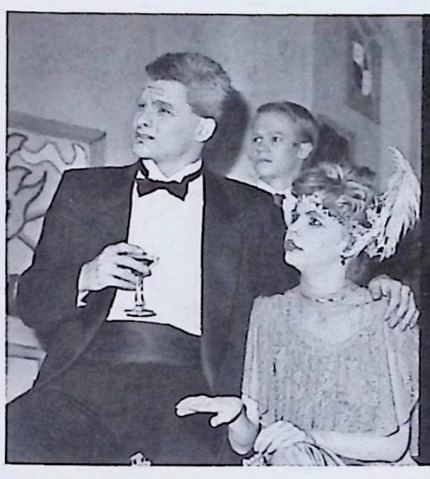


This place scares me!



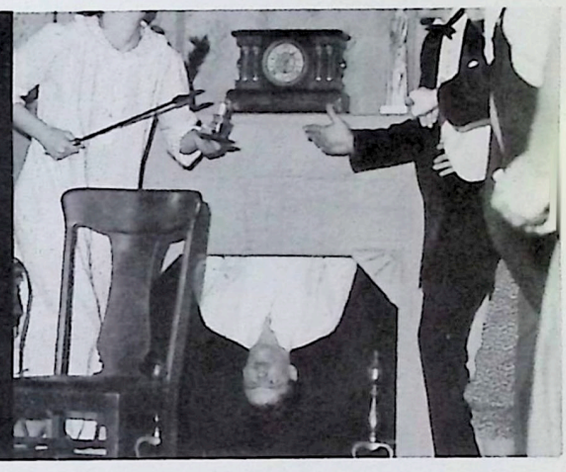
Excuse me, sir, but cocktails are being served.

Oh, I'm terrified of storms, especially electrical ones.



My goodness!

I delved into what I know best. Crime!



Look! The fireplace!

Where did you put him . . . ?

Who is the murderer?

Mr. Masters! But you're dead!

Acknowledgment

The 1988 Cornerstone staff would like to thank a few special people. We thank Mr. Merle Foley and Mr. Tom McKenna for helping us in so many ways. Their suggestions, guidance and hard work really made printing of this book possible. We thank Ms. Nancy Benton for assisting with pictures for the yearbook. We thank Shawn Richardson for designing the cover. We feel he did an excellent job and we hope you are pleased with it. We thank the entire yearbook staff who worked very hard to make this the best possible yearbook. We all enjoyed working together even though it took a lot of time and effort. We are proud of this yearbook and we hope you enjoy it.
